TROPICAL CYCLONE BULLETIN NR. 1
Tropical Storm JOSIE (HAISHEN)

Issued at 5:00 AM, 14 July 2026
Valid for broadcast until the next bulletin at 11:00 AM today.

TROPICAL STORM JOSIE IS NOW INSIDE THE PHILIPPINE AREA OF RESPONSIBILITY.

Location of Center (4:00 AM)

The center of Tropical Storm JOSIE was estimated based on all available data at **1,085 km East of Eastern Visayas (13.0°N, 134.6°E).**

Intensity

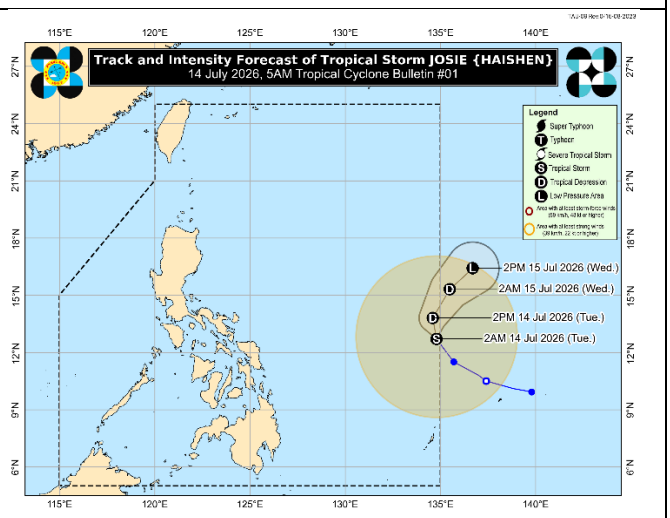
Maximum sustained winds of **65 km/h** near the center, gustiness of up to **80 km/h**, and central pressure of **1002 hPa.**

Present Movement

Northwestward at 25 km/h

Extent of Tropical Cyclone Winds

Strong to gale-force winds extend outwards up to **480 km** from the center



TRACK AND INTENSITY FORECAST

Date and Time	Center Position			Intensity		Movement dir. and speed (km/h)
	Lat. (°N)	Lon. (°E)	Location	MSW (km/h)	Cat.	
12-Hour Forecast 2:00 PM 14 July 2026	13.8	134.6	1,125 km East of Southeastern Luzon	55	TD	N 10

Issued at 5:00 AM, 14 July 2026
Valid for broadcast until the next bulletin at 11:00 AM today.

OTHER HAZARDS AFFECTING LAND AREAS

Heavy Rainfall Outlook

JOSIE is less likely to directly affect the weather condition of the country throughout the forecast period.

Severe Winds

The Southwest Monsoon will bring **strong to gale-force gusts** over the following areas (especially in coastal and upland areas exposed to winds):

- **Today:** Ilocos Region, Cordillera Administrative Region, Cagayan Valley, Central Luzon, Cavite, Batangas, and Occidental Mindoro.
- **Tomorrow (15 July)**: Ilocos Region, Abra, Apayao, Zambales, Bataan, Batanes, and Babuyan Islands.
- **Thursday (16 July):** Ilocos Region, Abra, Apayao, Batanes, and Babuyan Islands.

HAZARDS AFFECTING COASTAL WATERS

24-Hour Sea Condition Outlook

Up to rough seas over the following coastal waters:

- **Up to 3.0 m:** The western seaboards of Babuyan Islands and Pangasinan; the seaboards of Ilocos Norte, Ilocos Sur, and La Union.
- **Mariners of small seacrafts, including all types of motorbancas, are advised not to venture out to sea under these conditions, especially if inexperienced of operating ill-equipped vessels.**

Up to moderate to rough seas over the following coastal waters:

- **Up to 2.5 m:** The remaining seaboard of Pangasinan; the seaboards of Batanes and Zambales; the western seaboards of Bataan, Batangas, and Occidental Mindoro including Lubang Islands.
- **Up to 2.0 m:** The remaining seaboards of Babuyan Islands; the southern seaboard of Bataan; the northern seaboards of mainland Cagayan, Calamian Islands, and Kalayaan Islands.
- **Mariners of motorbancas and similarly sized vessels are advised to take precautionary measures while venturing out to sea and, if possible, avoid navigation under these conditions**.

Other coastal waters have forecast wave heights of less than 2.0 m.

TRACK AND INTENSITY OUTLOOK

- **It must be emphasized that heavy rainfall and severe winds may still be experienced in localities outside the forecast confidence cone. Refer to "Other Hazards affecting Land Areas" for more details. Furthermore, the track may still shift within the limit of the forecast confidence cone.**
- JOSIE will move generally northward until tomorrow (15 July) before turning northeastward throughout the remaining forecast period. It is forecast to exit the Philippine Area of Responsibility (PAR) by tonight or tomorrow morning.
- JOSIE is forecast to steadily weaken into a tropical depression within the next 12 hours and may further weaken into a low pressure area by tomorrow due to unfavorable environment.

Considering these developments, the public and disaster risk reduction and management offices concerned are advised to take all necessary measures to protect life and property. Persons living in areas identified to be highly or very highly susceptible to these hazards are advised to follow evacuation and other instructions from local officials. **For heavy rainfall warnings, thunderstorm/rainfall advisories, and other severe weather information specific to your area, please monitor products issued by your local PAGASA Regional Services Division.**

The next tropical cyclone bulletin will be issued at 11:00 AM today.
